Rev. D. H. Matherly, pastor of the Christian church, who will start a protracted meeting on Sunday, October 3.

Rev. Elbert Winkler, of Campbellsville, Ky. who will assist in the meeting at the Christian church next month.

Revival Meeting at Christian Church.

A protracted meeting will commence at the Christian church here the first Sunday in October, and will continue for several weeks. Services will be conducted by Rev. D. H. Matherly, pastor of the church and Rev. Elbert Winkler, of Campbellsville, who conducted such a successful meeting last year. Both these men are known all over this section of the country as splendid preachers and they have had excellent results wherever they have held meetings. At the meeting last year forty-five additions were made to the church, and it is hoped that this meeting will be even more successful.

School To Open Next Monday.

The Clay City School will re-open for the fall term next Monday, September 6, and the principal, Mrs. Seale, requests a full attendance of all pupils on the opening day. Special exercises will be held, and all parents are asked to be present. It is also probable that there will be a flag raising, if the necessary arrangements can be made.

Mrs. Seale and her assistant, Miss

Maud Bowen, are both excellent teachers, and there is not the slightest doubt but what the pupils attending will progress well under their training.

CHILD BURIED.

The funeral took place last Thursday of Beulah Garrett, the little daughter of Mr. and Mrs. Carl Garrett, whose death was announced in our last issue. The burial took place in the Eaton graveyard, services being conducted by Rev. D. H. Matherly and Rev. L. F. Mann. The sympathy of every person in the community goes out to the bereaved parents, more particularly as this is their second loss, a child about the same age as Beulah having died two years ago.

Boy Corn Growers

Any boy who raised an acre of corn to be entered in the State Fair contest, is urged to report at once to Mr. Fred R. Blackburn at Stanton, as the corn must be judged this coming week. The winner is entitled to a free trip to the State Fair as a member of the Farmer Boys Encampment, and will have a fine time.

Teachers' Institute

The Teachers Institute closed Friday after a very successful session under the leadership of Mrs. Cora Wilson Stewart. The program was an excellent one, and the benefit done the teachers who were present, will be inestimable. Thursday was one of the most important days of the Institute, the main topic of discussion being the elimination of illiteracy from Powell county. Congressman J. C. Cantrill, one of the speakers who volunteered their time to the cause, was present, and made an excellent speech on the subject of illiteracy. Mr. Cantrill, is presenting arguments against illiteracy, brought out some very strong points, and a great deal of interest was stimulated in the campaign. Owing to the short notice given of his appearance, the crowd in attendance was not as large as it might have been had the speaking been announced more thoroughly, but the enthusiasm expressed by those present, made up, in a measure, for the attendance. Volunteers were called for to teach classes in the moonlight schools this fall and winter, and attention to every teacher present, a number of others offered their services, and a determined effort will be made to give every person in the county, who is able to read and write, an opportunity to overcome this handicap.

Mrs. Stewart delivered a short address, explaining the aims and ambitions of the Literacy Commission, and outlining the work already done by them. The work of the teachers in the moonlight schools, was also explained in a thorough manner, and the methods of securing attendance and stimulating interest in the work, were brought out.

The attendance at the Institute throughout the week, was very good, and Mrs. Bohannon, the County Superintendent and Mrs. Stewart, the Instructor, are both to be congratulated on the splendid manner in which they carried on the work.

Store Broken Into.

While the Ice Cream supper was on at the Christian Church Saturday night, some person broke into the store of Mr. O. Shimfessel, by prying the door open. In a stock as large as that of Mr. Shimfessel it was impossible to tell just what had been taken, and it is not known how large the booty was. Mr. Shimfessel was down street at the time, and his family, living over the store, heard the disturbance, but paid no heed to it, thinking it was Mr. Shimfessel returning.

H. B. Walters, who has been working at Quicksand for the past three months, spent last week with his family here. Mr. Walters has a good position at the Mowbray & Robinson mill, the largest one in the eastern part of the state.

Democrats Meet At Louisville.

The State Democratic Platform Convention met Tuesday at Louisville, with over 2,000 delegates present. Every county in the state was represented, and until the last hour of the meeting, harmony was the predominant feature. In fact, it was like a big love feast, with all the defeated candidates lining up behind the nominees and declaring their willingness and eagerness to aid the ticket in every possible way. The only jarring note in the proceedings was when Senator J. C. W. Beckham asked the delegates to reconsider their action in deposing Rufus H. Van Sant, Urey Woodson, A. G. Rhea and W. B. White. The motion was declared out of order, Mr. Beckham not having been present at the time the motion appointing their successors, was before the delegates, and he left the stage on being informed of this by Chairman H. H. Cherry. Quite a number in the crowd hissed Senator Beckham for his action in bringing up the question and disturbing the harmony of the meeting, and it was almost impossible for him to get a hearing.

The platform adopted by the convention is a very strong one, and there is no doubt but that the ticket will win in November by a big majority.

Resolutions Passed By Institute

Resolutions adopted by the Powell County Institute held at Stanton on Aug. 23rd to 27th. Inclusive.

RESOLVED:

1. That to Mrs. Cora Wilson Stewart we extend our hearty thanks. Her gracious manner, her rare tact, her personal magnetism have been a great inspiration to us. Throughout the year we shall feel the influence of her life working in us for good.

2. That we express our profound gratitude to Mrs. Bohannon our County Superintendent for her faithful services rendered as Superintendent.

3. That the rural teachers of Powell County express their thankfulness to Mr. N. A. Ranson for services rendered as County Supervisor.

4. That we are deeply grateful to Mr. M. P. O'Mara, Editor of the Clay City Times for his generosity to the teachers of Powell County by furnishing each teacher with a year's subscription to the Times and for free space for any news items of the schools of the county.

5. That we appreciate very much the privilege of having had the Hon. J. C. Cantrill with us and the message he has brought us.

6. That we are grateful to Prof. J. C. Hanley for giving us the use of the College building for the Institute and for the help

STANTON.

(By P. O. Derthick.)

Mr. and Mrs. Fred Blackburn are spending several days vacation at Torrent.

Mr. and Mrs. A. T. Stewart arrived home Tuesday from Hazel Green where they have been visiting Mrs. Stewart's father and many friends.

Next week will contain an announcement about Temperance Flag Day in Powell County on Sept. 23rd.

Mrs. Laura Knox of Santa was here over Sunday visiting Mrs. Lida Daniels and Robert Baker's family.

Rev. Ben Battenfield, of the College of the Bible, at Lexington is holding a meeting at Bowen this week. He accompanied the remains of Mrs. Alice McDonald Knox to Stanton and spoke some well chosen words at the grave.

Professor H. B. Shearer and Miss Mina Knox were married at Bowen Tuesday, Rev. J. C. Hanley performing the ceremony. The bride is the daughter of Dr. A. T. Knox, and was formerly a teacher here, while the groom was also a teacher at Stanton College.

The following have subscribed for the cemetery fence to the writer

Mrs. Bettie Hardwick	\$5.00
Fred Blackburn	5.00
Milt Conlee	5.00
Paul Derthick	5.00
C. C. Smith	1.00
Mrs. George Derickson	1.00
Mrs. Johnson	1.00

At the meeting of the officers of the Sunday School Association at the home of the writer last week it was decided that Donald Bohannon of our town and Miss Sadie Conlee of Russell should be the delegates from Powell County at the State Sunday School Convention at Louisville, Oct. 7-10. More will be said about the convention later.

Everett Benningfield, of Morris Creek and son of Henry Benningfield, was taken to the hospital at Lexington Monday to be operated on for appendicitis but died before they could get him to the operating table. He was brought home and buried on Morris Creek. He leaves a wife and one child to mourn his loss besides his parents and brothers and sisters. The writer was away when both of these deaths above occurred and is sorry that he has not had time to gather more details of them.

Mrs. Alice McDonald Knox who has been sick for about a month died very suddenly of heart trouble at Bowen on Monday of this week and her funeral was preached by Rev. Ben Battenfield of Lexington. She was buried in the Stanton Cemetery on Tuesday. A large number of friends were present at the funeral. She was born in Lee County, Virginia, April 22, 1873 being forty-two years of age. She was the youngest of ten children, three of whom have died within the present year. The others with a daughter, Miss Lillie Knox, are left to mourn her loss. She gave her heart to her Savior in her girlhood and recently made a restatement of her faith, joining the fellowship of the Christian Church at Lexington. Her trust was in her Savior and just before the end came she gave expression to her hope of eternal life through her faith.

The ice cream supper given at the Court House last Thursday night was a great success. As far as the writer could see nearly everybody in Stanton was present and a number from the surrounding country. The people of Stanton responded nobly. The fence is an assured project and we are going after it till we get it. A number have expressed a wish that we might put up an iron fence along in front. If we do this many will have to give liberally to it. It is the desire of the writer to have an iron fence if we can raise enough money for it. The writer has been doing some pricing of some iron fence and it will take at least \$100. for that besides the rest of the fencing which will be a

NO PANFLASH, PLEASE

And now, Mr. President, let us not have another pan-flash in the matter of Mexico. We got as far as Vera Cruz, lost a few marines to the snipers, started a sanitary commission and a Christian Endeavor Society for the benefit of the greasers, led the population through the laundry to the Y. M. C. A. and then came home, triumphant in virtue, but not otherwise. In Mexico, famine, criminal assault, arson, murder, stalk hand and hand across a devastated country. If we are going to do anything about it we are already a year or two late. Let us get at the job, finish the job, do the job well. Let us leave no single brigand leader unhorsed. None of them has shown cause why he should not be hauled from the saddle.—Frankfort State Journal.

The Teachers Institute held this past week at Stanton, was successful in many ways. The attendance, particularly among parents and patrons of the schools was fairly large all week. In fact, it seemed that outsiders took as much interest in the work as the teachers. This is right in a sense, as parents of children are requested to attend and take an interest in the work of those to whom the training of their children is entrusted. But what strikes an outsider as one of the outstanding points, is that a number of the county teachers do not attend regularly, as they should. The editor happened to be present a couple of days when the roll was called, and was surprised at the number of teachers absent, and we have been reliably informed that a number of the teachers did not attend at any of the sessions. Our understanding is that a teacher's certificate is subject to revocation if the Institute is not attended, and it might be well in some cases, to apply this penalty. These institutes are conducted at considerable expense, and, in addition to this, the county superintendent and the instructor are both put to a great deal of trouble in preparing a program suitable to the needs of the teachers, and the least they could do would be to attend and show their appreciation. It is noticeable that the teachers who are having the most success with their schools are the ones who attend every day at the Institutes, and absorb all the information that can be obtained there.

Our city school will open Monday for the fall and winter term and it is hoped that the attend-

Oldest Red Man Indorses Tanlac

Remedy Filled Him With New Energy and Vigor After Many Years

Louisville, Ky., Sept., 1 1915—Among those to indorse Tanlac recently is Fred Meinecke, a retired hardware dealer, of 2522 West Jefferson street this city, who found speedy relief from chronic stomach trouble by use of the premier preparation. Mr. Meinecke, who is sixty-eight years old and the oldest member of the Order of Red Men in Kentucky, said:

"I was suffering from stomach trouble for many years. Finally my condition became so serious that I was forced to retire from business. I was unable to retain even the lightest foods on my stomach, and had the most severe pains imaginable in my abdominal regions after eating. I suffered from headaches, nervousness, and dizziness, and found it difficult to sleep.

"After being advised by friends to try Tanlac, and seeing it advertised in the newspapers, I decided to try it. I was astonished at the result. After taking a few doses my appetite returned and I found that I could eat anything I craved with relish. The nervousness and dizziness disappeared and sleep became restful and peaceful. I no longer suffer from pains in the abdomen and head.

"I can do as much work now as I ever could and feel as well as I did 20 years ago, before I became affected with stomach trouble."

Tanlac, the premier preparation, is sold in Clay City by Eaton & McGuire and in Stanton, by Hardwick & Co.

Since the first day will embrace every pupil who expects to attend during the term. Nothing is more disheartening to a teacher than to have pupils struggling in a few days apart during the first week or two of school, disorganizing the work already done, and making it more difficult for those pupils in attendance to settle down to their work. The first few days are all-important to both teacher and pupil. The teacher can note the talents of different pupils and arrange the studies to correspond, and if all the pupils are present the work will not have to be gone over again. Let every pupil who expects to attend the school be present on the opening day.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure, and for list of testimonials.

COULD SCARCELY WALK ABOUT

And For Three Summers Mrs. Vincent Was Unable to Attend to Any of Her Housework.

Pleasant Hill, N. C.—"I suffered for three summers," writes Mrs. Walter Vincent, of this town, "and the third and last time, was my worst.

I had dreadful nervous headaches and prostration, and was scarcely able to walk about. Could not do any of my housework.

I also had dreadful pains in my back and sides and when one of those weak, sinking spells would come on me, I would have to give up and lie down, until it wore off.

I was certainly in a dreadful state of health, when I finally decided to try Cardui, the woman's tonic, and I firmly

believe I would have died if I hadn't taken it.

After I began taking Cardui, I was greatly helped, and all three bottles relieved me entirely.

I fattened up, and grew so much stronger in three months, I felt like another person altogether."

Cardui is purely vegetable and gentle-acting. Its ingredients have a mild, tonic effect, on the womanly constitution.

Cardui makes for increased strength, improves the appetite, tones up the nervous system, and helps to make pale, sallow cheeks, fresh and rosy.

Cardui has helped more than a million weak women, during the past 50 years. It will surely do for you, what it has done for them. Try Cardui today.

strong woyen wire fence. So if the people respond as we think they should we can easily put up the iron fence in front and have a good strong fence around the rest of it.

The writer was at Bonny in Morgan county over Sunday coming home Tuesday afternoon. The crowd at all three services were so large that the people could not all get inside the house and they have a pretty good size school house there. It does seem so good to go to a place when the people all come out to meetings, and where they come because they want to worship God. People do not go out to church like they use to years ago. We have heard our fathers and mothers tell of how they use to come to meeting from far and near, coming in wagons, on horse back and afoot, bringing their dinners with them and staying all day only getting home in time to do up their evening clothes. And they use to have long sermons and the people enjoyed them. Nobody got tired of going to meetings in those days. Nobody complained if the preacher should happen to make a long exhortation and dinner came a little late. The people worshipped God in those days and there was a spirit of reverence for God's day. But how times have changed. In many places you would not know it was Sunday, to see the indifference of the people on that day. In many of the churches there are only a few persons. The rest are at home or have gone on a Sunday excursion. The preacher must preach a very short sermon or the people will stay away. He mustn't denounce some of the sins or he will make some of his members mad and they will stay away. He must preach so that nobody's feelings will get hurt, or they will go to some other church where the preacher preaches to suit them. No, the preacher is not to do as the Bible commands him to do but as his members say so. The writer has never preached to suit the people and never expects to do so. He denounces sin in as strong terms as he can and if the people do not like it it is nothing to him. He preaches as God commands him to preach. The gospel preached in its purity is what is needed in the world today and because it has not been preached that way is because of so much of indifference among the people. We will only be saved as we obey God's commands and live the Christ like life, the consecrated life, the life of service, a life from sin. We must not forsake God's Holy day because it is his day and we are expected to assemble ourselves in God's house and worship him on that day. And a great many people who think they are going to be saved are going to be lost because they have been so indifferent to his day. If we are christians we will worship him on that day as well as every day of the week.

INSTITUTE RESOLUTIONS

he has rendered.

7 That we thank the music committee and those who entertained us with such delightful music.

8 That a higher standard of scholarship be required of each teacher of Powell County; that they be required to be either a high school graduate or have attended a normal school for at least one year.

9 That since the profession of teaching is one of the highest callings in life, we ask that a higher moral standard be required of those who teach. That those who will persist in smoking cigarettes, drinking or engaging in other immoral acts will have their certificate revoked.

10 That the Powell County Board of Education be urged to oil all the floors of all the school houses in the county, thus protecting teachers and pupils from the dust.

11 That these resolutions be made a part of the minutes of this Institute and that they be published in the Clay City Times.

Signed
